Educational Objectives
The workshop has been designed to provide Cosmetic Facial Surgeons and Dermatologists a comprehensive overview of the surgical and nonsurgical rejuvenation techniques for the aged upper and lower eyelid and midface. By completing the workshop, the learner will be able to:
- Discuss and perform upper and lower blepharoplasty procedures
- Demonstrate the use of implants for facial rejuvenation
- Discuss pearls and pitfalls of each surgical procedure
- Discuss and demonstrate the endoscopic browlift procedure
- Discuss nonsurgical procedures for periorbital rejuvenation including topical therapies, laser resurfacing, fat transfer, and use of fillers and neurotoxins

Continuing Education:
Saint Louis University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The education the participant gains through our CME activities does not satisfy training requirements to perform the surgery.

Physician Fee:
$2350
Residents/Fellows/USA Military Fee:
